## Continental Nickel and IMX Resources Announce Interim Order for Plan of Arrangement

TORONTO, ONTARIO--(Marketwire - Aug. 10, 2012) - Continental Nickel Limited (TSX VENTURE:CNI) ("**Continental**") and IMX Resources Limited (ASX:IXR) ("**IMX**") announced today that, further to the previously announced statutory plan of arrangement (the "**Arrangement**") between the companies, an interim order of the Ontario Superior Court of Justice (the "**Interim Order**") has been obtained. The Interim Order provides for, among other things, the calling and the holding of a special meeting of shareholders (the "**Shareholders**") of Continental to consider and approve the Arrangement. The granting of the Interim Order was a condition to the completion of the Arrangement.

The special meeting of the Shareholders is scheduled to be held at 10:00 am on Wednesday, September 12, 2012, at the offices of Osler, Hoskin & Harcourt, Floor 63, 1 First Canadian Place, 100 King Street West, Toronto, Ontario. The record date for the special meeting is July 26, 2012. The notice of meeting management information circular relating to the special meeting (the "**Circular**") will be mailed to Shareholders shortly. A copy of the Circular will also be available on Continental's website at [www.continentalnickel.com](http://www.continentalnickel.com) and under Continental's profile on SEDAR at [www.sedar.com](http://www.sedar.com).

If approved by the Shareholders, and subject to final court approval and the satisfaction or waiver of the conditions to closing, including receipt of all necessary regulatory approvals, IMX will acquire all the issued and outstanding common shares in the capital of Continental that it does not already own pursuant to the Arrangement. If the Arrangement becomes effective, Shareholders (other than IMX) will receive 3.7 ordinary shares in the capital of IMX and 0.5 of an ordinary share purchase warrant of IMX for each Continental share held.

## About Continental

Continental Nickel Limited (TSX VENTURE:CNI) is focused on the exploration, discovery and development of nickel sulphide deposits in geologically prospective, but under-explored regions globally. The Company's key asset is its 75% interest in the Nachingwea Nickel Project in Tanzania. The project is a 75:25 joint venture between Continental and IMX. Continental also has an option to joint venture on the St. Stephen project in New Brunswick, Canada where the 2010-2012 diamond drill programs discovered Ni-Cu sulphide zones not previously identified.

## About IMX Resources Limited

IMX Resources Limited (ASX: IXR) is an ASX listed company headquartered in Perth, Western Australia.

IMX is a mining and mineral exploration company with an iron ore mining operation in South Australia, and an advanced nickel sulphide development project in Tanzania.

IMX operates and owns 51% of the Cairn Hill Mining Operation, located 55 kilometres south-east of Coober Pedy in South Australia, where it produces a premium coarse-grained magnetite–copper-gold DSO product at a rate of 1.8Mtpa.

In May 2012, IMX agreed to acquire all the issued shares in Continental Nickel Limited (CNI) in order to bring the ownership of the Nachingwea Nickel – Copper JV Project in Tanzania under the control of a single entity. IMX currently has a 37.03% equity interest in CNI and a 25% interest in the Nachingwea Nickel-Copper JV Project. The transaction remains subject to shareholder approval. The Company is at an advanced stage of planning for the development of a major new nickel sulphide mining operation, which has the potential to produce a premium quality nickel concentrate product. Nachingwea has the potential to become a world-class nickel and copper project with significant base metals exploration upside.

IMX is actively developing the Mt Woods Magnetite Project on the highly prospective Mt Woods Inlier in South Australia. IMX owns 100% of the iron ore rights of the Mt Woods tenement package, where it currently has a JORC Inferred Resource of 569Mt @ 27% Fe at the Snaefell Magnetite Deposit and a Global Exploration Target of between 200-380Mt @ 25-35% Fe elsewhere in the project.

IMX has also entered into a joint venture with OZ Minerals (the Mt Woods Copper-Gold JV Project) to explore the Mt Woods tenements for copper and gold. OZ Minerals is spending a minimum of \$20M for a 51% interest in the non-iron rights, with IMX retaining a 49% interest in the non-iron rights.

IMX owns 25.65% of Uranex (ASX: UNX), which is a dedicated uranium exploration company, which is developing the Mkuju Uranium project in southern Tanzania.
