Indiana Resources Limited ("**Indiana**" or the "**Company**") (ASX: IDA) is pleased to announce that it has successfully completed the first stage of the Equity Raising with a Single Tranche Placement ("**Placement**") to raise \$300,000 (before costs) representing substantially all of its placement capacity under ASX Listing Rules 7.1 and 7.1A. The Placement introduced a number of new, high quality sophisticated and professional investors.

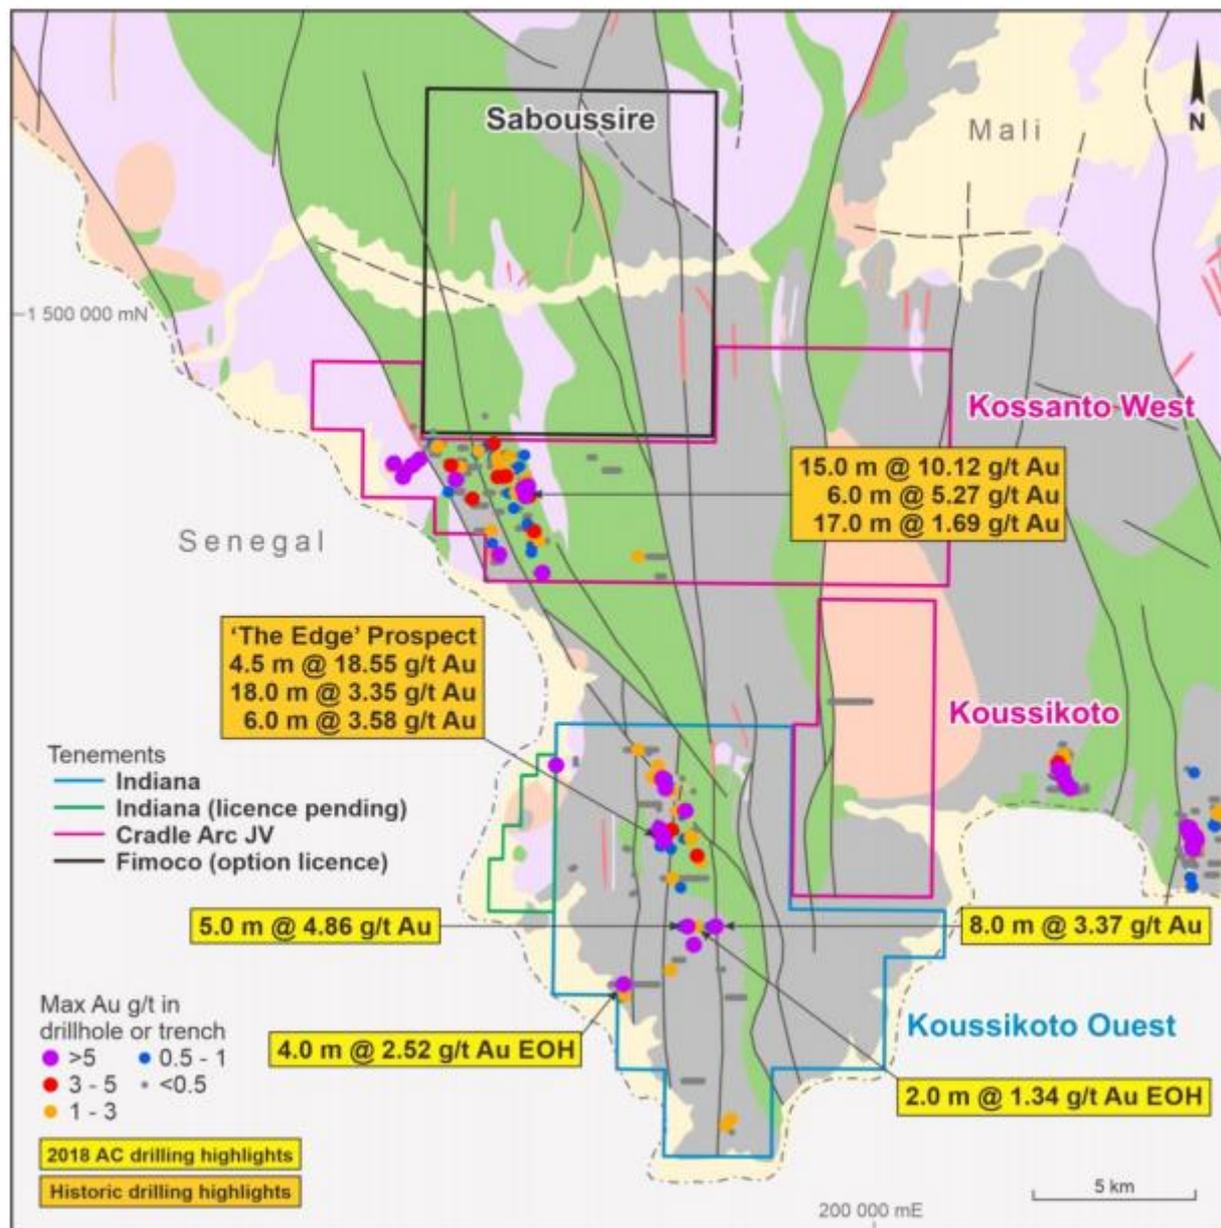

The successful completion of the Placement leaves Indiana well positioned to proceed with the next stage of the Equity Raising, a non-renounceable Entitlements Offer ("**Entitlements Offer**") to existing shareholders to participate on the same price, to raise up to \$1.3 million (before costs).

The Placement together with the Entitlements Offer will raise up to \$1.6 million ("**Equity Raising**") and will enable Indiana to progress exploration activities across its highly prospective 363km² strategic landholding in West Mali, including the drill testing of high priority geochemical anomalies and follow up of significant drill intercepts from previous drilling. The funds will also be used to advance discussions with the Tanzanian Government on resolving tenure issues at the Ntaka Hill nickel sulphide project and for general working capital purposes.

Strong near-term newsflow from a high quality pipeline of advanced gold exploration assets include recently completed 1,700m RC Drilling program completed at Koussikoto Ouest testing high priority soil geochemistry anomalies and follow up significant drill intercepts from 2018 drill program (including 8m @ 3.37g/t Au from 12m and 5m @ 4.86 g/t

Au from 12m) and historic drilling (see Figure 1) . Results from the recently completed RC drilling program and soil geochemistry are expected within 4 weeks.

Placement

The Placement comprised the issue of 12.5 million fully paid ordinary shares (“**Placement Shares**”) at an issue price of \$0.024 to sophisticated investors in Australia, raising \$300,000 (before costs).

The issue price of \$0.024 represents a 20.0% discount to the last closing price of \$0.030 on Friday, 21 June 2019 and a 20.0% discount to the 15-day VWAP up to and including that date of \$0.030.

Placement Shares will rank equally with existing fully paid ordinary shares.

Placement Shares will be issued on or about Tuesday, 2 July 2019 under Indiana's existing Placement capacity under ASX Listing Rules 7.1 and 7.1A. A total of 2,900,523 new shares will be issued under Listing Rule 7.1 and 9,599,477 New Shares will be issued under Listing Rule 7.1A.

Entitlements Offer

The Entitlements Offer will be offered to existing shareholders on a pro-rata basis of one (1) new share for every two (2) ordinary fully paid shares held in the Company on Monday, 1 July 2019 ("**Record Date**"), at an issue price of \$0.024 per share to raise approximately \$1.3 million. The pricing and terms of the Entitlements Offer has been set so that shareholders can obtain new shares at the same price and terms as subscribers under the Placement.

Entitlements may only be exercised by Eligible Shareholders being persons with a registered address on the Company's Share Register in Australia.

The Entitlement Offer shares will be issued pursuant to a disclosure document issued under section 713 of the Corporations Act.

Placement shareholders will not be entitled to participate in the Entitlement Offer.

Conversion of Loan Facility

Indiana entered into an unsecured loan agreement for up to \$1 million with a Lending Syndicate ("**Lender**") on 31 October 2018 ("**Loan Agreement**")¹. Subject to the receipt of Shareholder Approval at the General Meeting planned for Thursday, 8 August 2019 ("**General Meeting**"), Indiana has executed a binding agreement with the Lender to:

- Convert the outstanding drawdown amount of \$300,000 to equity at \$0.060 per share, representing a 150% premium to the Offer Price and resulting in the issue of 5,000,000 ordinary shares; and
- Conversion of accrued interest of \$18,527.47 at \$0.024 per share, resulting in the issue of 771,978 ordinary shares.

These shares will rank equally with existing fully paid ordinary shares.
